## **NEW FACES**

We're excited to announce we have a new ballet teacher joining Miss Josephine in the ballet department: **MISS KRISTA SOLESKI**

Krista received her Diploma in dance from Grant MacEwan University in 2002 and has also completed the Edmonton School of Ballet Teacher Training Program. Krista is a qualified member of the Cecchetti Society Of Canada holding her Associate Diploma in the Cecchetti Method of Ballet. Krista loves teaching dancers of all ages and enjoys watching the growth in her students every class!

We're also excited to introduce our acro & stretch & tech teacher: **MISS CANDANCE KALWAJTYS**

Candace is originally from Edmonton and grew up training heavily in both dance and gymnastics. She has now been teaching for 9 years. With her strong gymnastics background it was natural for her to develop an interest in AcroDance. She has her Certification as Registered Acrobatique Instructor, as well as Level 1 Certified with NCCP - gymnastics division. Candace is so excited to bring her knowledge and passion to all her students, and can't wait to be apart of Emerge.
